However, you can still assign names to a folder or rename. . Instructions How to activate automatic network selection Usually the Android 9 device automatically connects to your phone company. If this network is not available, you can turn off the option and... Instructions How to Resize a Widget Many widgets have a default size on Android that cannot be changed. Others, however, can be resized. To change the size of a widget, you must... Instructions How to create a folder on the home screen Apps can be ordered in folders on the home screen. Creating a folder under Android is made by merging at least two apps or app icons. Instruction How to Turn on/Download Instant Block with Power Button If you activate this option, pressing the power button not only set the device in sleep mode, but also block the device independently... Education Make a call Call Calling someone is simple, it can be difficult if you have never had an Android device before. How to connect via Wi-Fi Direct Wi-Fi Direct can be seen as a sort of "different Wi-Fi". Connect compatible devices with each other even if they do not have Wi-Fi... How to add Widget to the Home Widgets screen are small useful tools with which the home screen can be customized. The widgets are part of the system or derived from apps. A...
